## From Your Principal

Hello Lincoln families,

Fall is in the air and we are already entering the second quarter of school. Hopefully you have been able to attend your child's parent-teacher conference during these past two weeks. Here are a few things you can do to help your child succeed in school. Monitor your child's homework. This includes helping with learning time management and organizational skills. Be sure to talk with your child on a regular basis about his/her goals both in school and with other interests. And, remember, we would like all children to read or be read to every day!

As the weather changes students are wearing jackets to school then shedding them as the day gets warmer. Please remind your child to bring his/her jacket home each day. It is also a good idea to write your child's name on the inside label of jackets and sweaters just in case items are left behind.

Thank you for reading our newsletter, and don't forget to check out our new digital marquee for upcoming events!

Thank you!  
Logan Williams  
Principal

## Counseling Corner

### GIVE SPECIFIC EXAMPLES WHEN YOU TALK TO YOUR CHILD ABOUT RESPECT

Children who respect their parents will respect their teachers. As a result, they will pay attention to what the teacher says and learn more. However, the best way to get your child to show respect is not by talking about an abstract idea that may be hard for him/her to understand. Instead, try talking about specific actions he/she can take to show respect. For example, when your child interrupts you, say, "When someone else is talking, it's respectful to listen until the person is finished. Then you can have a turn." You can also ask if your child can come up with specific behaviors that would show respect. "What can you do to show your teacher respect?" Your child could raise his/her hand, complete homework on time and pay attention in class. When your child does something respectful, help him/her make the connection. "I loved the way you showed respect to your grandmother when she came to visit. You helped her with the luggage and thanked her for the gift she gave you."

## Parent Survey

### Your Opinion Counts!

Lincoln Unified School District invites you to complete an online parent survey. The purpose of this survey is to gather your feedback, promote parent involvement in your child's learning and find out more about how we can best support you. Our goal is to develop a strong partnership between parents and the school to help all children be successful. The survey should take ten minutes to complete. Survey results will provide us with answers about parent-school partnerships and family training. You can complete the survey by going to:

<http://2bABQ6X> Please complete the survey and submit it by Monday, October 31, 2017.
